Best V-Day staycation packages

Thursday, 6 Feb 2014

We are crazy in love! Well, in love with some of these Valentine's Day staycations, menus and spa packages anyway. Whether you're falling in love, trying to stay in love, or just [love your food](#), here are some of the best deals in town.

Boutique Hotels

You might still be able to snag one of [Rabbit Carrot Gun](#)'s five boutique suites, complete with a 3-course dinner, brunch, and a bottle of sparkling wine for \$498++ (psst we heard that rooms are booking up fast, so hurry!)

From our POV, Rabbit Carrot Gun wins best creative direction for V-Day 2014. Launching two special menus, one for Vals and one for Cynics that will have you rolling on the floor (likely solo, sorry). On the menu? Broken Artichoke Hearts, Bitter Greens and Cold Shoulder of Pork – yes, we know that one all too well. Taking bookings now for vals, cynics, singles, groups, anyone. Love it.
