Steeped in rich history and heritage, this luxury boutique hotel retains the original timber flooring and French-inspired windows of the 1920s Peranakan-style building in which it is housed. It comprises 79 unique rooms to meet different accommodation sizes and holiday needs – a romantic weekend staycation, anyone? And, if you're feeling peckish at ungodly hours, feel free to enter Nibbles, a 24-hour cafe at the reception lobby that offers guests access to complimentary ice cream, cookies, tea and Nespresso coffee. Not to mention, the ever-popular Keong Saik Snacks is located right at the ground level of the hotel.
